All Wool in Clothcraft Proved by Test

JUST remember this when you want to make sure of getting all-wool clothes: Cotton mixtures are so skillfully made now-a-days that even an expert eye cannot distinguish them from all-wool cloth. The cotton is so cleverly woven with the wool that the only absolutely sure way of detecting its presence is by a chemical test.

This test consists of dipping a piece of cloth into a boiling solution of caustic potash, which completely dissolves the wool and leaves the cotton intact, if present.

Every piece of cloth used in Clothcraft Clothes must be able to withstand this searching chemical test. Therefore, you can know positively that you are really

getting all-wool clothes—if they bear the Clothcraft label.

Every Clothcraft suit or overcoat is guaranteed all wool. This guarantee—found in the inside pocket of every Clothcraft coat—also insures lasting shape, satisfactory wear and service. At Clothcraft prices—\$10 to \$25—can you ask for more?

DR. E. J. BROWN SPEAKS FOR THE BOND ISSUE.

Dear Editor:—
Having eagerly watched the fight in Rockcastle, for good roads and my intense desire to see it victorious, causes me to break the silence. What motive could I, Judge Williams, Judge Bethum, or Dr. Childress or any other ex-Rockcastle citizen have except the betterment of our dear old home county? It is to the interest of every citizen, regardless of position in life, to be for good roads. It is the opportunity of his life for the man on whom good fortune has smiled, to farther advance his prosperity, help to build the morals, intellect and religion of his community and build a lasting monument to the future generations to follow. I will frankly admit, I am prejudiced in wanting to see the old county climb to the top morally, socially, intellectually and religiously because I care not where I live or die it is my home. What are its possibilities commercially and otherwise? Its valleys and tablelands are fertile and productive. Its forests abound in valuable timbers. Its hills are bursting with coal, valuable stone, and probably other and many valuable minerals only awaiting valuable development. She has within her borders as noble people as live. You must invite citizenship and capital to develop these vast resources of wealth. Voters remember that no stream can rise above its fountain head, it is just as impossible for a county to rise above its avenues of intercourse.

Good roads will open fields of wealth, give employment to the laborer, undreamed of by the most optimistic. Avarice and sin travel rough and unbroken paths.

in dismal forest, and leap from crag to crag, while philanthropy and christianity travel upon beautiful highways, where the bright sunshine has kissed the sparkling dew-drops from the grass and flowers, and happiness and prosperity abound. While this opportunity may pass forever, may the people of my home county, think and act intelligently, and vote for the bond issue to make good roads and in no wise can they ever regret it.

Yours,
E. J. BROWN.

THE betting odds are now four to one in favor of Wilson and Marshall and every poll taken by the most prominent newspapers of the country points to their triumphant election, but these and like things should not be allowed to beget a spirit of over-confidence. The price of liberty and the price of election as well as eternal vigilance, combined with hard work intelligently directed, and there should be no let-up between now and November on the part of Democrats. The old cry of the stand pat Republicans about the ruination of business and the clap trap put up to win votes by the Bull Moose contingent will surely come to naught this time if every Democratic voter does his duty, and nothing in the future can be predicted more certainly than the success of the party and the glorious triumph of the people if it is well performed.

Young Mr. Hilles and brother Taft have now got into the habit of issuing daily "statements" in order to bolster up their warning cause (in their imaginations) and are working the "cornucopia racket" for all and perhaps more than it is really worth. This same old chestnut puts in its appearance every time there is a presidential election, but, as the Colonel would be disposed to say, it has been worked to a frazzle and the people have begun to realize that the Republican party is not the deity controlling the weather and crops and the exclusive manufacturers of what is called "prosperity". It is now the Macedonian cry and the last resort of the representatives of a hopeless cause.

TO-MORROW is the final test of the Good Roads question. We believe as firmly as that election day shall come that the Bond Issue will carry and by a good safe majority. It is true there are some against it, but there are enough for it to win, if they all come out and vote and we want to urge upon every friend of the Good Roads question to be on hand and cast your vote. Let us join in the Progressive movement that is sweeping the country and do for our county one of the absolute necessities needed to make it what it should be.

ONLY eleven more days. Lord all the old Democracy with the steam that is needed behind the punch that it is expected to deliver.

"President Wilson," Get in the habit. You will be writing it after a little while.

A St. Louis dispatch says Timon Gilpin, of Louisville, roadmaster of the Kentucky & Indiana Terminal railroad, will carry home with him from St. Louis a scarred left hand, which he can explain to his Louisville friends by remarking, "Oh, a rabbit kicked me".

Gilpin is the guest of G. S. Brooks, roadmaster of the St. Louis Terminal Association, at his home, 2739 Ellendale avenue. Brooks raises rabbits of the strong snowy kind, and when Gilpin showed an interest in the pets, he warned his guests not to treat them with too much familiarity. Gilpin went on playing with the "pretty creatures" and presently one of them let fly with his hind legs, striking the back of Gilpin's head and three of his fingers.

The injured hand was dressed and bandaged, and Gilpin announced that he would take his chances with the heel of a Missouri mule before he would annoy a Missouri rabbit again.

N. B.—He shows a skinned head to prove the story.

THE SCOURGE OF HOG CHOLERA

Cost the hog raiser millions of dollars last year and nothing short of vaccination seemed to offer the slightest promise of cure.

Prevention, however, is the logical solution of the question. Dr. Hess (M.D., D.V.S.) has always maintained that by giving Dr. Hess Stock Tonic to tone up and strengthen every organ in the system, to regulate the bowels, liver and kidneys, expel worms; and also thoroughly disinfect the premises, sleeping quarters and runs with Dr. Hess Dip and Disinfectant, would prevent an outbreak of this disease.

Read what one of the big hog raisers in the country says:
"During 1911 our country was visited by one of the worst hog plagues ever known. We fed Dr. Hess Stock Tonic, and only lost two head out of a herd of two hundred and ten."—Alex. Nevius, Modesta, Ill.

Also note what bulletin No. 182 of the Kansas State College says about preventing Hog Cholera:

"When we recall the conditions which favor the disease and the manner in which its infection takes place, it will be seen that feeding and caring of hog has much to do with the prevention of the Cholera. Premises should be cleaned and disinfected regularly. The hogs themselves should be dipped every few weeks. Maintaining these conditions helps to keep up the vitality of the hog and in this way troubles of all kinds are ward off. To aid digestion and circulation and to prevent worms, the bulletin recommends a formula of Wood Charcoal, Sulphur, Salt, Sodium Bicarbonate, Sodium Sulphate, Sodium Hyposulphate and Black Antimony."

This formula, given in tablespoonful doses would undoubtedly be beneficial but would cost the hog raiser about 10c per pound. Now compare this with the formula for Dr. Hess Stock Tonic which is vastly superior and has stood the test of 20 years.

NUXOMICA, Digestive and Nerve Tonic. QUASSIA, Digestive & General Tonic. Expels Worms. SULPHATE OF IRON, Blood Builder & Expels Worms. EPSOM SALTS, Laxative. COMMON SALT, Appetizer. Expels Worms. NITRATE OF POTASH, Acts upon the Kidneys. FENUGREEK, Tonic and Aromatic.

This preparation is compounded by Dr. Hess (M.D., D.V.S.) and sold to you on a written guarantee and only costs 3c per month for the average hog. The definition of the ingredients are taken from the United States Dispensatory and noted medical authorities.

Feed your hogs

Dr. Hess Stock Tonic to prevent disease and expel worms. Sprinkle the runs and sleeping quarters with a solution of

Dr. Hess Dip and Disinfectant

one of the foremost coal tar creosote disinfectants known. Also dip your hogs with this solution when the weather will permit, and you will have no loss from disease.

The Court house was taxed to its capacity Tuesday by citizens from every section of the county to hear Gov. Beckham speak. Republicans as well as Democrats pronounced it one of the best and most convincing arguments ever made in the court house. The Governor made many new friends and some who were against him for the Senatorship in his last race expressed the desire to see him succeed Bradley and every indication points strongly to the fact that he will do it.

LUTHER MANIS.

Oct. 25, 21.

Seven years between visits to our metropolis—Louisville—by the writer forcibly impressed him of the many changes that have taken place within that period in and around the Falls Cities. The rebuilt union station as well as the L. & N. office building on Broadway; the L. & N. shops; the Seelbach, Henry Watterson and Tyler hotels, palaces in fact, the First Christian church, the Masonic and many, many other immense and splendid buildings have been erected. A new style of street car. And there is the big Red cars of the Louisville & Southern Indiana Electric line running into and from the heart of the city between Indianapolis and Indiana points including Jeffersonville and New Albany. Automobiles including motor trucks and other vehicles run by gasoline and electricity line the street so thickly that it is difficult, at times, for a pedestrian to cross the streets and miss getting bumped by them. Many of the crossings, especially along and out Fourth street, the retail district, traffic officers required to be stationed to keep things regulated and moving. This was not seen there seven years ago.

The increase in these auto vehicles seems to have been at least one hundred per cent within the above period. A big improvement in all lines of transportation. Moving picture shows was an attraction that drew many of Rockcastle visitors. Big improvements therein over the days gone by. The ten cents stores were simply jammed. Our town and county sent many delegates to Grand Masonic Lodge and to the International Convention of the disciples of Christ which was being held in the city during the week beginning Oct. 14th. Our party including other delegates and visitors to the number of a dozen were pleasantly located at the residence of Mrs. J. E. Vowels 724 South Fifth street, where there was found good rooms, plenty on the table and no noise at night from rumbling wagons or street cars to disturb the slumbers of us countrymen. Street cars run by the next corner. The location is but a short walk from main business portion of city, theatres and places of amusement and entertainment. Rates very reasonable. It will be remembered the Vowels family are natives of our town. While there we met Eugene Vowels, of Middlesboro, who for many years was in newspaper business in the Magic City where he yet resides. Aden the youngest boy, who was a mere toddler, when the family moved from here twenty years ago, is in the printing business. Miss Kathrine, the beauty of the family, supervises the affairs in the dining room and looks after the comfort of visitors and guests. J. E. Vowels who has been in poor health for a good while is, we are glad to say, improving. Mr. Vowels and the writer originated and began the publication of the SIGNAL in 1887. The printing office was in an upstairs room over what is now Sutton & McBee's store.

HOW TO PRESERVE YOUTH AND BEAUTY.

One great secret of youth and beauty for the young woman or the mother is the proper understanding of her womanly system and well-being. Every woman, young or old, should know herself and her physical make up. A good way to arrive at this knowledge is to get a good doctor book, such for instance, as "The People's Common Sense Medical Advisor," by R. V. Pierce, M. D., which can readily be procured by sending thirty-one cents for cloth-bound copy, addressing Dr. Pierce, at Buffalo, N. Y.

The womanly system is a delicate machine which can only be compared to the intricate mechanism of a beautiful watch which will keep in good running order only with good care and the proper oiling at the right time, so that the delicate mechanism may not be worn out. Very many times young women get old or run down before their time through ignorance and the improper handling of this human mechanism. Mental depression, a confused head, backache, headache, or hot flashes and many symptoms of derangement of the womanly system can be avoided by a proper understanding of what to do, in those trying times that come to all women.

Mrs. G. H. Williams, of Lynnhaven, Va., wrote: "It is six years since my health gave way. I had female trouble and all the doctors (I employed three) said I would die. I was not able to do my work, had to hire someone all the time. Finally, I read in the papers about Dr. Pierce's Favorite Prescription and decided to try it. I had not taken but one bottle until I found it had done me good. I took, in all, five bottles of 'Favorite Prescription' and two of 'Golden Medical Discovery,' and now I am able to do all my housework, and have gained fourteen pounds. I advise all women who suffer from female trouble to try your 'Favorite Prescription.' It's the only medicine on earth."

Children Cry
FOR FLETCHER'S
CASTORIA

Will The REAL FREEMEN Uphold Wilson's Hands?

Woodrow Wilson has refused emphatically to accept contributions to his Campaign Fund from the interests, from corrupting influences, from any questionable sources.

He has given us, the Democratic National Committee, to understand that he will go into the White House with clean hands or not at all.

Who Is Getting The Money of The Trusts?

So sure has been Wilson's stand, so well known his incorruptible purpose, that no private interests have dared to approach either our candidate or his committee.

We have not been offered a penny by the trusts, and we certainly have not solicited a penny from them. The money of the interests is being spent against Wilson. No matter for whom—we need not discuss that here—it is now common gossip that the money power of the nation is being used in an attempt to defeat Woodrow Wilson.

What Is a "People's Campaign?"

We are addressing ourselves to the real freemen of America, the upright, Progressive Voters of the country who are doing the work of the nation and not the work of trusts and bosses.

We realize that the salvation of every righteous cause rests with you.

Often this cry of a People's Party or a People's President is raised by the very forces we seek to defeat and whom we must and will defeat. But look to our standard and our standard bearer and decide yourself as to which is the People's Campaign and must, therefore, be fought with the People's money.

Woodrow Wilson Has Clean Hands

Woodrow Wilson is the cleanest man in national politics. He came of illustrious forefathers, who laid by blood and heredity the foundation of a future President through generation after generation of upright record.

If Wilson is to be elected it must be by clean money and there is only one source of such money—from the voters of the country who realize the importance of having a government uninfluenced by the almighty dollar.

Wilson's hands are clean.

Will you uphold them?

How Much Money Will You Give? How Much Can You Raise?

There are big campaign expenses to be met if we are to win on Election Day in November. We must tell the voters of the country about Wilson, what he is, what he has done. We must show them his record. We must show them his platform. We must point out to them the features of his platform which mean so much to this nation. This great work will cost a lot of money. We must meet the usual heavy toll necessary to present a platform and a candidate to a hundred million.

Your dollar, your \$5, your \$10, your \$20 is needed. And don't mistake—we want the man who can only afford the one dollar. We need him. We need the woman who can

only give one dollar. We believe in this kind of loyalty—it's the kind that wins.

Let every one contribute to the Woodrow Wilson Campaign by the first mail. Let's have as big a fund as the corporations can supply the other parties. For the people are mightier even in money than the Combinations—when they get together.

A Call To Those Who Will Club Contributions

No live progressive voter can do more for Wilson's cause than to head a list with his own contribution and then to have his fellow-workers and friends swell the total with their names and money.

If you work in an office or factory, mill, warehouse, on a railroad, ranch or farm, start the ball rolling. Line up the Wilson men. Sign up as many contributions as you can. And mail to us.

How To Contribute To The Wilson Campaign Fund

Sign the Coupon in this corner and fill in the amount you give. Then attach your money to this Coupon and mail today to the address given on the Coupon.

Issue all checks, money orders and address all contributions to C. R. Crane, Vice Chairman Finance Committee, Democratic National Committee, 900 Michigan Avenue, Chicago, Ill.

Then write a letter to this paper giving your name as a contributor and stating your reasons why you believe Woodrow Wilson should be elected President of the United States. In this way you will be listed as a Wilson contributor. A Souvenir Receipt, handsomely lithographed, well worth framing, will be sent to you. Your letter will help the fight by encouraging your friends.

SAVED BY HIS WIFE.

She's a wise woman who knows just what to do when her husband's life is in danger, but Mrs. R. J. Flint, Braintree, Vt., is of that kind. "She insisted on my using Dr. King's New Discovery," writes Mr. F. "for a dreadful cough, when I was so weak my friends all thought I had only a short time to live, and it completely cured me." A quick cure for coughs and colds, it's the most safe and reliable medicine for many throat and lung trouble, grip, bronchitis, croup, whooping cough, quinsy, tonsillitis, hemorrhages. A trial will convince you. 50 cts. and \$1.00. Guaranteed by Chas. C. Davis.

"Well, Tommy," said the father of a ten-year-old Mt. Vernon, youngster, "how are you getting along at school?"

"Bully!" rejoined Tommy, "Guess the teacher is going to promote me."

"What makes you think so?"

"She said to-day that if I kept on at the rate I was going I'd soon be in the criminal class," explained Tommy.

The most novel and complete caster or furniture roller has lately made its appearance. It's lower portion is a good sized metal globe or ball with ball bearing over top. A set can be seen in operation under the office chair of J. Fish at his store. This is not an advertisement as Mr. Fish is not selling the caster, but owing to its novel feature and simplicity the writer believes many would like to examine it.

A LOG ON THE TRACK

of the fast express means serious trouble ahead if not removed, so does loss of appetite. It means lack of vitality, loss of strength and nerve weakness. If appetite is lost, take Electric Bitters quickly to overcome the cause by toning the stomach and curing the indigestion. Michael Hesseheimer of Lincoln, Neb., had been sick over three years, but six bottles of Electric Bitters put him right on his feet again. They have helped thousands. They give pure blood, strong nerves, good digestion. Only 50 cents at

The Houston Post tells of one man who caught a nine pound bass and another who is being congratulated upon having become the daddy of an eleven-pound boy. Young man, move to Texas where the blessings of life are squarely divided.

Nowadays the wail paper sometimes appears loose and baggy like an elephant's skin. That is because you have become accustomed to looking at 1912 skirts filled to the point of bursting with assorted types of girl.

President Taft and ex-President Roosevelt can find sufficient consolation in the fact that they will defeat each other—and revenge is sweet.

It is disconcerting to learn that many of our great citizens, whom we have been taught to pattern after, jaw their wives just like common mortals when things don't run smoothly around the house.

Young Women

Read what Cardui did for Miss Myria Engler, of Faribault, Minn. She says: "Let me tell you how much good Cardui has done me. As a young girl, I always had to suffer so much with all kind of pain. Sometimes, I was so weak that I could hardly stand on my feet. I got a bottle of Cardui, at the drug store, and as soon as I had taken a few doses, I began to feel better. Today, I feel as well as anyone can."

TAKE CARDUI The Woman's Tonic

Are you a woman? Then you are subject to a large number of troubles and irregularities, peculiar to women, which, in time, often lead to more serious trouble.

A tonic is needed to help you over the hard places, to relieve weakness, headache, and other unnecessary pains, the signs of weak nerves and over-work.

For a tonic, take Cardui, the woman's tonic. You will never regret it, for it will certainly help you. Ask your druggist about it. He knows. He sells it.

THE DRUGGIST

SAYS

That Tennyson or Longfellow could take a worthless sheet of paper and write a poem on it and make it worth \$75,000—that's genius and there are others who can write a few words on a sheet of paper and make it worth \$3,000,000—that's capital and this nation of ours can take an ounce and a quarter of gold and stamp upon it an Eagle-bird and make it worth \$20,—that's money and some of our young ladies will buy a hat for \$1.25 but prefer one that cost \$35.—that's foolishness. I might sign my name to a check for a \$1,000,000, but it wouldn't be worth a dime—that's rouse. But some people will tell you that they can serve you as well as Chink but—that's nonsense—try me.

Yours truly
